## BATTLE OF BALLOTS IS FIERCELY WAGED

### HEAVY VOTE IS CAST IN N. Y. AND ELSEWHERE

Disorders in South and West and in Some Cases Troops are Called

### EVERYTHING GOING HEARST'S WAY

Says One Report, but Hughes Supporters Offered Four to One on Their Candidate up to Noon; Shooting at Denver

**Good Milwaukee Vote**  
MILWAUKEE, Wis., Nov. 6.—A constant drizzle of rain is falling. A fairly heavy vote is being cast and there is no trouble.

**Heavy Vote in New York**  
NEW YORK, Nov. 6.—A record breaking vote is being cast today. The weather is perfect. The leaders predicted the vote would be half in by 11 o'clock. Little betting is apparent though a number of wagers were placed on Hughes at four to one.

Long before the polls opened at 6 o'clock long lines of men were waiting. There was no disorder. The police are armed with warrants for those who registered illegally at each polling place. Sixteen arrests were made the first hour. On each side the votes were cast at the rate of one a minute.

**Washington Deserted**  
WASHINGTON, D. C., Nov. 6.—Business is almost at a standstill in the government departments today. Every cabinet officer except Hitchcock is absent. Two thousand are home to vote. Five hundred went to New York state.

**President Voted Straight**  
OYSTER BAY, N. Y., Nov. 6.—The president voted ballot No. 94 in fifteen seconds. Apparently he wasted no time scratching and it is surmised he voted a straight republican ticket. Secretary Loch followed the president.

He drove with his cousin, Mrs. J. West Roosevelt and boarded a special train at 10:30 to return to Washington.

**Detective Votes Twice**  
ST. LOUIS, Mo., Nov. 6.—Joseph R. Hatton, former detective, was arrested here charged with voting two names of the same residence within twenty minutes. He fought the policeman and was beaten into submission.

**Interfered With Election**  
LEXINGTON, Ky., Nov. 6.—Police Captain Jenkins and Patrolman McCarty were arrested this morning charged with interfering with the election.

**Republicans Have Wyoming**  
CHEYENNE, Wyo., Nov. 6.—The weather is clear, with high winds. The vote will be 20 per cent short of the registration which was 10 per cent short of the full voting strength. Republicans will elect fifty of sixty-five members of the legislature.

**Police Mutiny at Memphis**  
MEMPHIS, Tenn., Nov. 6.—The police this morning refused to obey the orders of Mayor Malone. The governor was asked to send troops to control the situation.

The mayor tried to assume control, and the officers refused to obey him. He deposed Chief O'Haver, and appointed Captain Perry. Perry resigned as chief because the men would not obey him, but meantime O'Haver, claiming his own suspension was illegal, suspended Perry.

The mayor appointed Sergeant Hays chief and said if the men did not obey him he would personally and forcibly remove their badges and appoint a new force.

**Intense in Colorado**  
DENVER, Colo., Nov. 6.—As the election progressed there were many minor disorders, the partisan feeling being intense.

An early riot call from a polling place where five were reported shot was sent in. An argument precipitated the drawing of arms the use of which was prevented by others.

**Everything Hearst's**  
WASHINGTON, D. C., Nov. 6.—Chairman Griggs, democratic congressional chairman, talked by telephone to Murphy this afternoon. The Tammany leader said:

"Hearst will have a bigger majority than Coley. Returns show a heavy vote and everything is going Hearst's way."

**Farmers All Vote**  
SPRINGFIELD, Ill., Nov. 6.—The weather in central Illinois is like spring and the roads are as hard as floors. The farmers voted to a man. The feature of the election was the vote for Allan, the prohibition candidate for state treasurer. He may carry a number of corn counties.

**What "John" Hopes**  
NEW YORK, Nov. 6.—The vote in the "silk stocking" precincts was early and heavy. Over a third of the total registration in many precincts voted before 9 o'clock. John D. Rockefeller voted at 8:20.

Asked what he thought of the election he said: "I hope for the best." Hughes voted before 8 o'clock and his father, Rev. Dr. D. C. Hughes, voted soon after.

Many members of the wealthy, well known families were arrested and forced to prove their residence before being permitted to vote.

Hearst is claiming 200,000 plurality in New York city. He says the danger is that the opposition will try to count him out upstate.

**Fraud in Chicago**  
CHICAGO, Ill., Nov. 6.—The weather was warm and partly cloudy and a heavy early vote was polled. The followers of Hearst claim much fraud is being perpetrated and declare the independent league ticket is sweeping the country.

### FUNERAL OF MRS. P. O'Rourke Tomorrow

The funeral of Mrs. Peter O'Rourke, who died early yesterday morning at the family residence, will be held tomorrow morning at 8 o'clock from the St. Mary Catholic church, interment will be made in the Catholic cemetery.

### LA CROSSE AND SOUTHWESTERN

Old Railroad Corporation is Dissolved After Long Inactivity

Stockholders of the La Crosse & Southwestern Railway company, a railroad planned twenty-five years ago, to be projected from the Soo to the Missouri, met this afternoon at 4 o'clock in the office of Robert Calvert, federal building, to dissolve the corporation. Mr. Calvert is the secretary of the company.

The latter years of existence of the company has been merely legal. The directors of the company decided to disband, as the corporation has been silent for many years.

The La Crosse & Southwestern was organized twenty-five years ago. Stock subscriptions were raised throughout Wisconsin, Iowa and Minnesota, several La Crosse capitalists subscribing. Surveys were made and bonds underwritten, but a financial panic prevented the bonds from being sold. Efforts to float the bonds have been made at various times, but have failed.

The officers of the company are: President—F. A. Rozene, Chicago. Vice president—A. Hirschheimer, La Crosse. Secretary—Robert Calvert, La Crosse. Treasurer—John M. Holley, La Crosse. The company was capitalized at many millions.

### FIRST CITIZEN UNDER NEW LAW

The first alien to apply under the new naturalization law to become a citizen of the United States is Ingbrigt Ustand, who made application to George Wright, clerk of the court, yesterday afternoon. Ustand has been a resident of the United States for the last four years. He will be enabled to receive his naturalization papers for one year from date, the law requiring five years' residence. Ustand was born in Tronso, Norway, and is 25 years of age.

The declaration of intention will be sent to Washington for signature. Under the new law no naturalization papers are issued by court officials, the government taking entire charge. Therefore, the certificate of naturalization for Ustand will come from Washington.

### WEATHER & WATER

- Threatening with probably light rain tonight; falling temperature Wednesday.
- Coolest, 53; warmest, 60; wind, 3, miles.
- The river will fall slowly.
- Stage of water, 6.5, a fall of .1 foot; rainfall, .01.

### GETS THE WRONG KIND OF LICENSE

After securing a license to hunt, Fred Paisley, Mindoro, Wis., returned to the office of the county clerk and secured a license to wed. Paisley's embarrassment was the cause of the mistake.

He returned to the office yesterday morning and was given the license to wed Miss Bessie Hobbs, also of Mindoro.

### TRIBUNE WILL FURNISH FULL ELECTION RESULTS

The Tribune will receive complete election returns at this office tonight by special wire from all sections of the country. Full details will be given out instantly upon their receipt. Returns on state and county officers will also be received, and friends of The Tribune residing in the various wards are asked to kindly bring or telephone the complete vote in their wards or in the country districts to this office as soon as possible to facilitate the completion of the election table at the earliest possible moment.

### ASKS ESCH WHO WOULD GET MONEY

If Govt. Lost Taxes on Ownership Plan Where Would Profits go?

In his address on the political situation last night at the theater Congressman Esch declared himself opposed to government ownership, and gave his reasons for his opposition that the government would lose about \$2,500,000 of taxes.

An interested party who heard the address writes as follows to The Tribune today:

La Crosse, Nov. 6, 1906.

Editor Tribune:

Congressman Esch in his speech last night mentioned the reasons for his being opposed to government ownership of railroads: the government would lose some \$2,500,000 in taxes. Pray where would the earnings go to? In the pockets of some grafter? Or into the treasury?

"INTERESTED."

### BELIEVE HUNTER WAS DROWNED

Search for H. L. Beardsley, 220 Cass street, who disappeared from companions while hunting at Round lake last Friday night, have failed to reveal the body or the missing man. Companions and other hunters believe that Beardsley drowned.

Beardsley disappeared from Joseph Perkins, colored, last Friday night while hunting. On Saturday the boat of Beardsley was found with an oar, his hat and camp supplies in it. Since then search of the lake and vicinity where Beardsley was seen last was made without avail.

Coroner Edward Cronon has received no word of the finding of the body. Since he has informed the first searchers that no reward has been offered for the body, the search has not been continued with the same spirit.

### CHURCH MISSION

John M. Holley, Sr., E. E. Bentley and Henry Hallauer were appointed a committee to look up sites for the proposed mission of the La Crosse churches at the meeting of the Pastors' union yesterday morning. The committee will report on what sites are available.

The members of the union were enthusiastic in praise of the mission. It is probable that a store in the downtown district will be secured and the work started this year is possible. The mission will take up the same field as the Salvation army in the larger cities.

The Rev. J. K. Fowler read a paper on Biederwolf, which was received with interest by the pastors.

### BOYS SKIP ON ELECTION DAY

Contending it is a Legal Holiday About Fifty Stay Out of School

Male students at the La Crosse high school revolted this morning, refusing to attend school. About fifty boys congregated on the streets leading to the school, each vowing to remain away. The mandate of State Superintendent of Schools Cary that general election day is not a legal holiday as far as schools are concerned was not obeyed. The board of education announced some time ago that school would be held today and open revolt was courted by the male students.

This morning the crowd gathered near Burns park. From time to time it was augmented by more students on the way to school. At the sound of the last bell, no turn toward school was made.

W. R. Hemmenway, principal of the high school, carefully took the names of all pupils absent. The revolt may result in wholesale suspensions.

The boys paraded the streets, often cheering for the various candidates for office.

### SUE LOCAL AUTO CO. FOR DEBT

Suit has been started against the Auto Rapid Transit company for \$105 by Morgan & Wright, Chicago, for tires furnished the local company. The case will be heard in justice court on Nov. 26, an adjournment having been taken to that time yesterday.

### JUDGMENT IS GIVEN ON NOTES

Judgment against Charles Brosinski and James Spears for \$70 each on notes given in payment for cream separators was awarded the Batavian National bank in justice court yesterday. The defendants refused to pay the face value of the notes, because the cream separators did not come up to the requirements.

The bank proved itself an innocent purchaser and received a verdict.

### FAVORS PALMER; NOT OWNERSHIP

"I sincerely endorse the head of the republican ticket, Harry Palmer for sheriff," is the way Congressman John J. Esch endorsed Palmer for sheriff along with the remainder of the county and state candidates in his address at the La Crosse theater last night. Acquaintance with the parents of the sheriff candidate were taken by Mr. Esch as his grounds for endorsing Palmer.

Congressman Esch endorsed Palmer in other political speeches in the county. The address was confined, chiefly, to a discussion of the national questions, while state issues received slight attention. He objected to government ownership because, he said, "the government would lose some two and a half millions taxes," now paid by the railroads.

### FUNERAL AT EIGHT

The funeral of Mrs. Mary Ann O'Rourke will be held at 8 o'clock instead of 9 o'clock, from St. Mary's church as announced yesterday.

### TREMENDOUS VOTE BEING CAST IN THE CITY TODAY

More Than Half the Vote Was Out Before the Noon Whistles Sounded

### BURNS MEN CONFIDENT OF MAJORITY

Palmer Rigs and Henchmen Like Flies in Molasses Time, but Extensive Cutting of Votes Makes Democrats Optimistic

A tremendous vote is being cast in La Crosse today, despite the fact it is an "off" year. From every ward in the city comes reports of a heavy ballot and in some of the wards more than half of the full vote was out before noon.

In the Fourth ward 168 votes had been cast at 12:15 and it is expected close to 300 votes will be cast in this ward.

Campaigners for both parties, who have visited the polling places say there is heavy cutting and splitting of tickets in every ward, indicating that the returns will be late tonight, owing to the extra work entailed in counting split tickets.

Burns' adherents believe Palmer will be snowed under by a large majority and point to this cutting as an indication that many of the former "straight" republican votes are being split.

Palmer's constituents have been a busy aggregation today, there being a Palmer henchman at nearly every polling place nearly all day long. Palmer rigs are in the city and in the country hustling out the vote and every extreme measure is being taken by the republican candidates to win the battle of ballots.

Reports from the country districts indicate the vote will be large in the country also.

Burns people expect great things in the country, and if a heavy country vote is cast there seems little doubt

of a victory for the democratic nominee.

Up to 2 o'clock there had been no trouble at any of the polling places, things running off smoothly in all instances, and indications being that a peaceable but earnest election will be recorded for today.

In spite of the confidence of the Burns people and the democrats Palmer adherents are about as confident of victory and both sides make claims of from 500 to 1,000 majority for their candidate.

It is thought the other democratic candidates will run stronger than at other elections, and democratic managers are freely predicting victory for a number of the nominees, despite the republican normal majority of 800.

Democrats today predict the election of Chris Burns for sheriff, John F. Doherty for district attorney, O. R. Skaar, first district and Elias Jones, Second district, for the assembly. It is also declared William J. Fries will make a strong run against Russell Smith for clerk of the court with an excellent chance for election.

It is to be presumed the republican state ticket will carry La Crosse county by a good majority, and some republicans say the entire republican ticket will be elected by a substantial majority with the probable exception of Palmer for sheriff.

Not for a long term of years has there been such intense interest in a county election as today, and indications are the county vote will be as large as in a presidential election.

Rice is sincere in what she does."

It is stated that Mrs. Rice is absolutely fearless in her criticism of existing evils and her audiences are often startled by unexpected thrusts at such. She will hold three services each day, morning, afternoon and evening. The services will be independent of any church and the place of holding the meetings will be arranged so that it can be announced very soon.

### GIRL PREACHER VISITS LA CROSSE

Marguerite Isabelle Rice, "the girl preacher," is in the city conducting an independent evangelistic campaign. Last night Mrs. Rice spoke at Fifth and Main streets. She will speak at the same place tonight. Arrangements for church services will be made later. Mrs. Rice will remain in La Crosse a week or ten days conducting an evangelistic campaign. She came here from Superior and Eau Claire, Wis.

Mrs. Rice is only 28 years old, but is said to have spoken to more people during the last fourteen years than any other evangelist or public speaker in America. She has made a specialty of street and prison work and has visited every state in the union preaching in all the principal cities. She is said to be the only street preacher holding permits to preach on Broadway in New York.

The press and clergy are high in their praise of Mrs. Rice and all give her credit for great work and for sincerity in it. The New York World says: "Mrs. Rice's voice is almost an echo of that famous voice that helped Kate Field hold an audience. Mrs. Read The Tribune want columns.

### LA CROSSE ELKS GO TO WINONA

It is expected a number of La Crosse Elks will form a party to attend a special initiation which is to be held at Winona by Winona lodge No. 327 Thursday night. Seven candidates are to be initiated and a general good time is advertised by the Winona horned men.

The Winona lodge is planning the construction of a new building in Winona to be used as an Elks' club. A considerable portion of the money is already raised for the purpose.

**About the Eyes**

Your eyes are subject to as many different defects as the body is to deformities, whereas it should be one of the most perfect of the body.

In civilized countries or especially in even primarily educated countries, 999 people out of 1000 wear glasses some time in life. It is natural that you should need glasses for reading, writing, sewing and other close work between the ages of 40 and 45 years, a perfect eye should need glasses at this age to relieve them from strain when being used for near work.

Many young people need glasses early in life to relieve the various forms of eye strain which is the cause of 75 per cent. of all headaches. Just think it has been proven by eminent authorities that three people out of four that have headaches, have defective eyes, and glasses are the remedy, because they CORRECT the DEFECTS when perfectly fitted and there is no eyestrain.

When you get ready to be relieved of these headaches and make sewing, reading and all near work comfortable and easy, call and have me fit you with glasses that I guarantee will give perfect satisfaction or no charge.

# GREAT INTEREST AT WASHINGTON

(Special Tribune Service.)  
WASHINGTON, D. C., Nov. 6.—Election day has brought on Washington a Sunday quiet. The situation here is anomalous in that, while there is no locality that possesses and feels so deep an interest in the result of the political contest which has now reached its climax, there is no real outward local manifestation of that interest. This is due to the fact that citizens of the District of Columbia are disfranchised, and are thus rendered incapable of actual participation in the contest.

The departments have been employing themselves of voters for several days until today in all the big government buildings the forces were reduced to the lowest minimum possible. Desks everywhere were vacant, their occupants having gone home to vote. This applied as well to the higher officials. The example set by the president and by the heads of departments in going away to vote was followed almost uniformly by the clerks of bureaus and subordinates in all the branches of government work. The government service was not allowed to suffer because of this exodus of voters, as the heads of departments prepared for the lack of workers by getting the routine work well in hand and in such condition that a reduced number of employees could handle it.

The Capital Building was practically deserted. None of the official positions in that building is subject to civil service rule and most of them are held as a result of personal political service. As a consequence, the occupants have in many cases been quite as much occupied with political affairs as have their superiors. Of all the government bureaus the largest quota of voters left the government printing office. There are several thousand men in that office and they are about equally divided between democrats and republicans.

The United States supreme court constituted one exception to the general rule prevailing at the capitol. That tribunal went forward today as usual with its business but even the members of the court are not totally divorced from the general concern felt over the election results.

Naturally the most interest here is taken in the result of the New York contest. Many eyes are turned also toward Massachusetts, Pennsylvania, Tennessee, Colorado and Idaho, in all of which states the contests are regarded as of unusual interest and the results more or less in doubt.

# LETTER TO THE CONSUMER ON MAIL ORDER EVILS

(From the Retailers' Journal.)  
Dear Mr. Consumer:  
The vote of your home merchant is a thing to be reckoned with. We mean his vote upon matters of public policy.

Let us suppose that you own a farm in the vicinity of one of the towns of your county. You have learned long before this that every dollar's worth of additional public improvement, as well as private improvement in that town means a corresponding increase in the value of your land.

But, unless you own a home in town and maintain a residence there, you have no voice in the town government. You cannot help to say what shall and what shall not be done in the way of public improvements, even though you may have prospered to the extent that you now have property interests in town. You may have some direct influence, but the retail merchant has both a vote and a direct influence, and often he has power beyond this through an official position held by him in the city government.

Perhaps there is a bond issue for a gas, water or electric light plant to be voted upon; a street railway is seeking a franchise; new paving is contemplated, or the establishment of a market place, or any one of a dozen other things is under consideration. Some of these things would be of great benefit to you, and you may be interested in seeing some of the propositions defeated.

You can talk, but for the most part your hands are tied, and you can do little but stand idly by and wait to see what the "town fellows" are going to do. The retail merchant is one of these "town fellows"—with a vote, with influence, and not unlikely with power.

It does not require a very intricate process of reasoning to arrive at the conclusion that the direction in which the retail merchant may be expected to exert his vote, his influence and his power will depend pretty much upon his personal prosperity—or lack of it. In the first place, he pays taxes according to his prosperity, and his financial status, therefore, has a direct effect upon the condition of the city treasury—upon the amount of money there may be to expend in public improvements. In the second place, any man's mental attitude toward the expenditure of money, public or private, depends much upon his own financial state. If your home merchant is forced to pinch and scrape in his private business, he is likely to bring a pinch and scrape mental attitude to bear upon public business. If, on the other hand, his own affairs are in a prosperous condition, he is more than apt to be liberal-minded in regard to public affairs. Not only will he lend his vote, his influence and whatever power he may possess, his influence and whatever power he may possess to the extension of public benefits—to progress, in other words—but he will go down into his own pocket for contributions in behalf of the welfare of his community, when the need arises.

We ask you then—you who have been patrons of the mail order houses, or have been tempted by mail order literature—can you afford, in your own interests, to have a community where in the merchants are unprosperous?

Can you afford to have an unprosperous community?—for what is true of the home retailer in this connection is true equally of the home manufacturer, the home bank, and of all home commerce and industry.

The home merchant and others engaged in home enterprises, we admit, owe a duty to you; but the FIRST duty must be performed by YOU to THEM, for the very simple reason that you who till the soil are the PRODUCERS of wealth. No wealth is produced in your community but by you.

Without the wealth you are producing, your community, with the towns, the commerce and the industry which so rapidly are increasing the value of your lands, could not exist a month.

Every dollar of that wealth which you send away to foreign communities—to the millionaire merchants of the already prosperous cities—is so much taken away from the one means by which your community can be built up and your own prosperity continued and increased.

## CONVICT ESCAPES TWICE, IS CAUGHT

JOLIET, Ill., Nov. 6.—Dennis Skelly, who escaped from the penitentiary Saturday morning by sawing through the bars of the schoolroom in the west cellhouse, was captured in a gravel pit near Sag-Bridge at an early hour Sunday morning by the Guards Taylor and Johnson after Skelly was caught last night but had escaped his captors. He was taken from an Alton freight train by Taylor and another guard named Neals. While on the way back to the penitentiary Skelly was allowed to enter a toilet room alone and unmanacled. He opened a window and jumped out.

## A DELIGHTFUL JOURNEY

Taken by Any One at Small Expense.

A bright young lady was telling a friend recently, of her trip along the most delightful road she ever traveled, the food route. She said:

"For a number of years I have been a sufferer from indigestion with its attendant ailments, but my case was not sufficiently serious to cause alarm until two years ago.

"In the early part of this summer my stomach was in such a state I could take very little food owing to the intense suffering it caused, consequently I was losing flesh rapidly, and growing weaker every day. I had read about Grape-Nuts in the papers and magazines, and two months ago persuaded myself to try a package. I read the little booklet it contained and resolved to follow instructions as closely as possible.

"The result may be understood when I say that I met a friend whom I had not seen for three months. Her first inquiry was, 'Where have you been all summer?' I said, for the past two months I've been traveling along the road to 'Wellville.'

"What are you doing?" she asked.

"I've been feasting on Grape-Nuts and drinking Postum Coffee," I replied.

"Oh," she said, "you are looking so well I did not know you at first sight."

"Whereupon I told her all about it—advising her to pursue the same course and continue it indefinitely, as I shall do.

"I am now using Grape-Nuts in some form three times daily, and Postum Coffee twice a day, and I shall improve every opportunity by advising others to do likewise." Name given by Postum Co., Battle Creek, Mich. "There's a reason."

## PRISONERS GREET MRS. BOOTH

JOLIET, Ill., Nov. 6.—The hearts of several hundred convicts at the penitentiary were gladdened Sunday through the visit to that institution of Mrs. Maud Ballington Booth, known as "the little mother."

For nearly an hour in the morning she spoke to the prisoners, bringing them a message of good cheer and hope. Mrs. Booth was accompanied to Joliet by Major McCormick, superintendent of Hope hall. Prior to the general meeting in the chapel she was given opportunity to meet the 551 convicts who are members of the Volunteer Prisoners' league, branches of which have been established here as well as in other prison cities by Mrs. Booth.

The membership in Joliet represents about 37 per cent of the male inmates and there are always new additions after each visit of Mrs. Booth. Her words brought tears to the eyes of many of the convicts and when she asked for new converts to God twelve men, five of them negroes, arose and professed repentance.

Warden and Mrs. Murphy extended every possible courtesy to Mrs. Booth. The stage of the chapel was banked with flowers and many women were present.

## BIG EPISCOPAL CONFERENCE

(Tribune Special Service.)  
COLUMBIA, S. C., Nov. 6.—Of far-reaching importance to the missionary activities of the Protestant Episcopal church is the fourth district convention, which will be in session here during the next two days. Clerical and lay delegates are on hand from Mississippi, Florida, Georgia, Alabama, South Carolina and the islands of Porto Rico and Cuba. The program for the opening session in the Trinity church tonight provides for addresses by Bishop Nelson of Georgia, on "The American Episcopal Church and Its Present and Future Work for the Nation," and by Rev. C. B. Wilmer, D. D., of Atlanta, on "The American Episcopal Church and Its Place in the Life of the Nation."

Mrs. W. E. Sawyer is visiting in Chicago.

# WANT \$500 MORE FOR THE NEEDY

An increase in the appropriation for the aid of old soldiers and their widows, from \$2,000 each year to \$2,500, will be asked by the Soldiers' Relief Commission. The commission met yesterday for the last time during fiscal county year.

Short of funds, three fourths of those usually receiving aid, were cut off. Only those not receiving pensions were given assistance.

With an increase of \$500 the commissioners believe that they will be able to finish the year without dropping any one at the close.

"The commission will ask for an increase of \$500 making a total of \$2,500," said Coroner Edward Cronon, chairman of the commission. "We deserve the money and do not waste it. Several in need of funds did not receive anything at this meeting because of the lack of finances."

## CLEVELAND IS WILD OVER THREE CENT FARES

CLEVELAND, O., Nov. 6.—Clinging to handholds, window frames and doors, jammed into the front and rear vestibules, swarming over the bumpers and fenders, and even perching upon the roof, between 6,000 and 8,000 people took their first ride on the Forest City Railway company's new 3-cent west side line Sunday. It was an ideal traction day as to weather and fares. In trying to check the eager passengers Mayor Tom L. Johnson took a hand in chasing away venturesome young men and boys.

The two cars, Nos. 3331 and 3332, were early prepared for the anticipated travel. Anticipated, because Saturday night until 11 o'clock the cars were jammed and packed with people. The first car Sunday was run onto Denison avenue southwest, and started upon its regular schedule at 5:30 a. m., while the other followed half an hour later.

Because of the noncompletion of paving n Fulton road southwest, a temporary switch was placed between Clark avenue southwest and Walton avenue southwest to permit both cars using one line of rails. The line is double-tracked, but the paving interfered with the operation of the south-bound track. The cars ran half-hourly from the Denison avenue southwest and Franklin Circle terminal, passing on the Clark avenue turn-out. Th's somewhat delayed traffic, but the utter wrecking of the schedule was due to the rush to ride.

By 9 o'clock the cars were jammed with men, women and children, and long before noon it had become a fierce struggle even to get near one of the cars. Clothing and dresses were torn and hats were lost in the generally and good-natured and earnest scuffle to get aboard.

As the afternoon wore on and people came from all sections of the city to enjoy a 3-cent ride the trouble increased. Conductors and motormen threw up their hands, while officials of the company bent their efforts toward the prevention of accidents. Fortunately everything went along without serious trouble.

During the afternoon Mayor and Mrs. Johnson, with Frederic C. Howe, vice president of the Municipal Traction company, and Mrs. Howe arrived in the mayor's automobile at Denison avenue and southwest and Fulton road southwest, just as a car came east on the former thoroughfare. Arms, legs and heads projected through the open window sills. Half a dozen ambitious and reckless young men had climbed on the roof and were perched on the ride under the trolley pole. When Mayor Johnson's eye caught them he sprang out to the pavement and stopped the car. Waving his arms he demanded:

"Get down off that roof. Get down instantly or I'll—"

What he might have done they did not know, nor did they wait to see.

Four more cars will be shipped from Elizabeth, N. J., today and Friday that many more will be placed in the service.

Said Secretary Alber: "If we had a dozen cars we should have been able to fill all of them all the time. We have carried between 6,000 and 8,000 people today. It will take the official count to tell just how many."

# DIVORCEE IS SLAIN

RICHMOND, Va., Nov. 6.—Mrs. William Garrett, a young divorced woman was shot from ambush and instantly killed last night while returning to her home from the home of William Gildersleeve, near the old town of Abingdon, where she had been visiting. John Hawkins, a young married man, the father of several children, when accused of the murder today, shot himself through the head within sight of his wife and children. The assassination of the young woman was shrouded in mystery until officers in search of a clue found in the woman's trunk letters from Hawkins which pointed to him as the murderer. Both principals in the tragedy were prominent.

## PUT CHILDREN TO BED

FALL RIVER, Mass., Nov. 6.—Bishop William Stang has become so aroused over the conditions in this city and supposedly throughout the diocese that he has prepared a message to the priests under his jurisdiction, with the direction that it be read at every service today. Among other things the bishop said:

"Catholic parents who truly love their children will certainly not allow them to run about the streets aimlessly after nightfall. How can Catholic fathers and mothers close their eyes in sleep unless they know that their children have said their prayers and have retired for the night?"

"Our public thoroughfares are frequently polluted by unbecoming and lurid pictorial advertisements and few of our magistrates seem to have the courage or sense of propriety to prevent this outrage on public decency. Again our cities and towns are flooded with sensational literature and filthy papers which debauch the mind and make serious reading impossible.

"The celebration of holy matrimony is often followed by ribaldry and offensive merriment. The day that should be observed with reverence and serious reflection as the entrance into a sanctified state of life is turned into one of riot and shameless frolic by those who should follow the newly wedded couples with prayers and good wishes."

# GOT HIS HAIR BACK.

Was Perfectly Bald When He Started to Use Newbro's Herpicide.

Frederick Manuel, Maryland black, Butte, Montana, bought a bottle of Newbro's Herpicide, April 6, '99, and began to use it for entire baldness. The hair follicles in his scalp were not dead and in 20 days he had half all over his head. On July 2 he writes, "and today my hair is as thick and luxuriant as any one could wish." Newbro's Herpicide works on an old principle and with a new discovery—destroy the cause and you remove the effect. Herpicide destroys the germ that causes dandruff, falling hair, and finally baldness, so that with the cause gone the effect cannot remain. Stops falling hair at once and a new growth starts. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

## A Dozen Times a Night.

Mrs. Owen Dunn, of Benton Ferry, W. V., writes: "I have had kidney and bladder trouble for years, and it became so bad that I was obliged to get up at least a dozen times a night. I never received any permanent benefit from any medicine until I tried Foley's Kidney Cure. After using two bottles, I am cured."

## SHOPLIFTERS ESCAPE

Two shoplifters made their first visit of the fall and Christmas shopping season to La Crosse Saturday, entering the A. F. Reitzel store. The thieves failed in their plans to rob.

The glove counter was chosen as the scene of operations. Two detectives watched the man and woman. The man picked up a box of valuable gloves, but on perceiving that he was watched, replaced them on the counter. Later the pair departed.

Search to locate the two failed.

**NORTH SIDE****MAKE FREAK BET  
ON SHERIFF**

A freak bet was made on the North side yesterday between John Desmond, an old and well known veteran, and Al Bennett, about 40 years of age.

Desmond is for Palmer and Bennett for Burns. If Bennett wins he will have a lovely ride at the expense of Mr. Desmond who will have to get between the thills of a two-wheeled sulky, put on a horse collar, have a bit in his mouth and be driven with reins from the corner of St. Paul and Caledonia streets to the corner of Fourth and Main streets, and vice versa. The men will forfeit \$20 in case either one refuses after the election.

If the majority is decisive the bet will take place at 2 o'clock tomorrow afternoon from the corner of St. Paul and Caledonia streets.

**MRS. JANE IS DEAD**

The death of Mrs. Mary Jane took place Sunday at her home on Mill street, death resulting from tuberculosis. Deceased was 25 years of age.

The funeral was held yesterday morning at 9 o'clock from the St. James church, Rev. A. Murphy officiating. Interment was made in the Catholic cemetery with Dwyer in charge.

**BITTEN BY A DOG**

Theodore Bueller, of Bueller Bros., in charge of the north side store, was bitten by a dog yesterday morning while making his morning calls for grocery orders.

Dr. R. M. I. Kinnear dressed the injury which is not serious although very painful.

The dog belonged to Fred Rupp, 224 Rose street.

**NORTH SIDE BRIEFS**

Fourteen care of silk, valued at \$247,000, passed through La Crosse on the Burlington yesterday enroute for New York from Seattle.

Norman Herrington formerly brake man on a passenger on the north side on the Burlington road who has been on a tour throughout the west for the past eleven months has returned home. He reports a very pleasant trip. He was located for some time at Redding, Cal. Ray Huggins accompanied him home on his return from the coast.

Miss Blanche Goodenough who has been the guest of her brother in law in the guest of her mother on Clinton street for some time has returned to her home in Chicago.

Oscar Frey will return this evening from Hader, Neb., where he went to assist at the dedication of a pipe organ and expects to take charge of the German Lutheran school on Ayon street. Hugo Frey the former teacher has resigned and will leave for a new position. A farewell was given him last evening.

William Dwyer, the Mill street undertaker, is in Milwaukee where he will visit his wife who is receiving treatment in the sanitarium there. He is expected home this evening.

The infant child of Mr. and Mrs. Carl Turmo, 2024 Loomis street, passed away Saturday. The funeral was held yesterday afternoon from the house, Rev. E. O. Vik officiating and Sletten in charge with interment in Oak Grove.

E. C. Erickson, 1432 Kane street, who has been here on a visit for some time left this morning for Cass Lake where he is employed as a government log scaler.

Miss Evelyn Huntley of Berlin street who has been ill during her vacation home during the past week, has returned to Bangor where she is teaching.

Anton Pederson and John Evans will leave today for Cashton and Melvina where they will remain for several days on business.

Miss Lois Wartinbee has returned from a few days' visit at New Amsterdam where she attended the funeral of her aunt which took place there a few days ago.

Large cabinet photos \$2.25 per dozen, thirty days. Spettel's former studio.

Peter Loomis and John Webber returned from a hunting expedition yesterday with fifteen rabbits.

Rev. M. J. Delaney of Reedsburg, who was taken ill a few weeks ago while attending the forty hour devotion services at the St. James church, is again ill and has returned to the St. Francis hospital here.

**WANT 3,000 MEN TO  
WORK ON RAILROAD**

Wanted—3,000 men for railroad work.

The McIntosh Bros. of Milwaukee, who are building the Pacific coast extension of the Milwaukee road, are having the same experience that La Crosse contractors have long been complaining about—they are short of men. They already have an army of them at work upon the \$50,000,000 Milwaukee road line that is gradually making its way west to Seattle.

**FRENCH PRESIDENT'S  
BIRTHDAY**

(Special Tribune Service.)

PARIS, Nov. 6.—President Fallieres was sixty-five years old today, having been born in Mezin, Nov. 6, 1841. In observance of the anniversary, flags were displayed on all public buildings in the capitol and there were military reviews and other observances throughout the republic. During the day foreign ambassadors called at the Elysee and presented messages of congratulation in behalf of their respective sovereigns or governments.

**FILE OLD LAND PATENTS**

A patent to eighty acres of land in the town of Shelby, issued Feb. 19, 1857, was filed by Joseph Doerflinger with the register of deeds today. Franklin Pierce, president, and M. Granger, recorder at the time, signed the patent.

Another patent almost as old, covering a grant of nine acres, more or less according to government survey, was filed by Nathaniel Bundera. The property is in the town of Shelby and was granted by the state Jan. 11, 1874.

PITTSBURG, Pa., Nov. 6.—Fire threatened the destruction of the Carnegie Institute, valued at \$6,000,000, and the most beautiful structure of its kind in America. The fire originated in the power room in the basement from defective electric wires, and was extinguished after causing \$10,000 damage. There were many people in the building attending an organ recital when the fire was discovered, but all reached the street in safety.

**CARRIED WOUNDED  
FRIENDS FOR MILES**

Stanley Anderson, aged 16 years a student at the La Crosse high school, was shot in the foot while hunting ducks at Round Lake Saturday morning, in company with Robert Ray, son of George H. Ray, president of the La Crosse board of trade. Anderson was just getting out of the boat, ready to begin duck hunting, when the accident occurred.

The charge from the shotgun tore off the entire sole of his shoe and stripped the bottom of his foot of an inch of flesh. Fortunately only one barrel of the gun went off, saving Anderson from probably a fatal injury.

Three miles from habitation, young Ray, a stalwart youth of about the same age as Anderson, placed his companion on his shoulders and carried him across the country to a farm house, from where medical aid was sought.

Daily by Carrier ..... \$5.00 per year

Daily by Mail ..... \$4.00 per year

Entered as second-class matter June 22, 1904, at the Post Office at La Crosse, Wis., under the Act of Congress of March 3, 1879.

Special Representatives: Payne & Young, Chicago, 948 Marquette Bldg.; New York City, 105 Potter Bldg.

HAVE YOU VOTED? VOTE NOW!

There is yet some time to elapse before the polls close. There is time enough for any voter who has not cast his ballot to do so. If you haven't voted, vote NOW! Aren't you registered? It will take but a moment to attend to that. See any election official of your ward, any party manager or any interested citizen. If you have no one in mind, telephone The Tribune office. We will be glad to be of assistance.

Anyway, be sure and vote! It is of mighty importance for good citizens to get out and register their influence for good government. The issue is vital, and even though remote, the danger is critical. La Crosse has work to do if it would not become notorious as a place where riot rules. YOUR duty is to take part in the honest effort to preserve the good name of this splendid and prosperous city.

THE MERCHANTS' "SNAP"

Merchants in La Crosse may find consolation in the worries of a fellow combatant of the mail order houses. The Dry Goods Reporter, a publication that is waging splendid battle against the mercantile trust, finds delight in publishing the following from an exchange:

"Yes," remarked the small city merchant to a newspaper reporter, "I certainly have a snap. The wholesale houses send me duns every month and draw on me at sight; but if I send a bill to a farmer he comes in swearing mad and quits trading at my store. While I am hard up for ready money, many of those who owe me are sending cash in advance to mail order houses. If I contribute money to any cause people say I am bidding for trade; if I don't they say I am a hog. Every day I am expected to dig up for everything that comes along, from a raffle ticket to a church fund by people who say I ought to do this because they do part of their trading here, but my friend, Montgomery Ward neither buys raffle tickets nor helps the church fund, and yet gets the cash in advance business; and if I were to circulate a subscription among the wholesale houses where we trade I would get the horse laugh proper. If I sell a pair of pants I must treat the family to candy and cigars; if I buy a load of potatoes I must do the same. Customers who are able to pay hang on to their money while I am paying to per cent at the bank to get ready cash. I have a big business during the hard times and poor crops from people who are willing to trade with me providing I can duplicate catalogue house prices and wait until after harvest for my money. My scales weigh too heavy when I sell sugar and too light when I buy butter. I am a thief, a liar and a grafter. If I smile I am a soft-soapy hypocrite; if I don't I am a grump. Yes, this is certainly a snap." And then he looked over \$10,000 worth of book accounts, all good, and wondered how he could raise \$350 to pay a sight draft due tomorrow."

This, in humorous vein, is really to be taken seriously. It is necessary to educate the public to an understanding, not only of the dangers but of the injustice of patronizing the commodity monopoly. One wonders that people are so slow to realize the significance of the growing patronage of the Chicago octopus. Never was the handwriting on the wall more plain and prophetic.

TREMPEALEAU INDEPENDENT BETTER

Within the past few months there has been a vast improvement in the Weekly Independent of Trempealeau. NOTABLE BIRTHDAYS.

Jonas Lie.

Jonas Lie, the famous author, who has recently returned to his native land of Norway after spending the greater part of his life in Paris, was born Nov. 6, 1833. He spent his childhood in the city of Tromsø, where his father was an officer. In 1851 he received the degree of A. B. at the university, and began the study of jurisprudence. In 1860 he settled as a lawyer in the city of Kongsvinger. Here he made a great deal of money in the lumber industry and also through the practice of his profession of law. In a great financial panic that followed a few years later, Herr Lie lost his entire fortune and found himself in debt to the extent of 1,000,000 kroner. After the crash he went to Christiania to make his living with his pen. For a number of years thereafter he toured Europe, with occasional intervals of residence in Norway, writing for periodicals and gradually making a name for himself. In 1881 he settled in Paris, where his home for twenty-five years has been the rendezvous for Norwegian litterateurs and artists visiting in the French capital. He has written many successful novels and several plays. He is regarded as the most popular and most widely read of all the Norwegian authors, not only in Norway, but also in Denmark and Sweden.

ASKS FRANCHISE AT KENOSHA

KENOSHA, Wis., Nov. 6.—It is believed that a rather effort is being made to secure a right of way through Kenosha for the extension of the Milwaukee, Racine and Kenosha electric railway, as last evening application was made to the city council for a franchise for the Chicago, Kenosha, Milwaukee and Lake Geneva company. The company asks for a fifty year grant. It asks specifically for the right to connect with interurban roads at the north or south limits and permission for these roads to run cars over the streets of Kenosha. The ordinance as presented is a liberal one. It offers to pave large portions of the streets passed over, to build a bridge of steel or street paving concrete, and to pay for all excavations for street paving. It is expected that the presentation of the ordinance will bring a big fight with the Frost interests, controlling the Chicago and Milwaukee electric road.

NEWS AND NOTES OF SPORT

(Tribune Special Service.)

At the Chelsea club tonight, Tommy Murphy, the Harlem lightweight, and Matty Baldwin are to furnish the main bout.

A bout between Belfield Walcott and Arthur Cote is to be pulled off tonight at Bangor, Me.

"Fighting Dick" Fitzgerald, of New Jersey, and Billy Roche of Boston are to come together in a ten-round bout at Calumet, Mich., shortly.

The Annapolis football squad is so weakened by having its players crippled that the regular eleven will not be in the game together again until it meets the Army early next month.

There is a brisk demand for seats for the game between the Carlisle Indians and Harvard at Cambridge next Saturday. In Boston it is second in interest only to the Yale-Harvard game.

The Pittsburg baseball club will have over forty players to pick from next spring.

At present it looks as though Toronto, Buffalo, Jersey City and Baltimore of the Eastern League will have new managers next season. As Kittredge is now at Montreal, this will leave Burnham of Newark, Dunn of Providence and Buckenberger of Rochester as the only veterans.

Hal Chase of the Highlanders and Elmer Stricklett of Brooklyn are playing with the San Jose club of the California State League.

ANNUAL ENTERTAINMENT OF THE 4-MILE HOUSE

Saturday night the annual Thanksgiving entertainment of the Four-Mile House will be given through the hospitality of Jack Bennett, Saturday and Sunday, Nov. 10 and 11. Turkeys, geese and ducks, seasonable for the coming holiday, will be afforded. It is expected that there will be a great turnout, as this annual festival is one of the events of the fall season.

Music will be provided. The selections will be of the most satisfactory sort. Popular airs, rendered in inimitable style, will be heard and an atmosphere of good cheer and fellowship will prevail.

Refreshments will be served free all day and in the evenings. The host has prepared the bill of fare with great care, and as a gastronomic event the affair will be a huge success.

Remember, it is at the Four-Mile House on the West Salem road. Everybody cordially invited.

MAIL CLERKS ASK ELECTRIC LIGHT

Railway mail clerks are demanding that mail cars shall be equipped with electricity instead of gas. At a recent convention of mail clerks resolutions were passed to this effect and an effort will be made to compel the department to require the railroads to so equip their cars. The matter has been taken up for consideration. Among other things the resolution adopted by the clerks read:

"After a thorough investigation on and reports from all divisions, we find that in a great number of instances mails have been either damaged or totally destroyed, that the loss of some of the lives of the 27 of our fellow clerks killed in the time of duty during the past year in chargeable to the use of Pintsch gas as an illuminating material; that it is imperative for the public interests and for the safety of the postal clerks that the existing requirements be changed."

The weighing of the mails in the sixth district, of which Chicago is the headquarters, will take place during the months of March, April and May next year. During that time all the clerks in that district will have to weigh every ounce of mail and thirty extra clerks will be needed each of whom will receive three dollars a day. The weighing is done every four years and a contract then entered into with the railroads for the ensuing four years. The United States is divided into several districts and weighing is usually going on in some one of the districts.

The compromise of two cents an hour increase in wages offered by the railroads has been rejected by the committees representing the switchmen's union all over the country. The

men are holding out for their original demands calling for a minimum scale of forty-two cents an hour and eight hour days. Each side expressed the opinion that there will be no strike.

Never in the history of the western roads was the freight congestion so great as at present. The roads in the Northwest are in badshape, one of the main reasons for its being the abnormal movement of lumber. It has been stated that if five additional railroads should build into the Northwest there would be more traffic than they could carry by the time they were completed.

HIGH SCHOOL IN JANUARY

Plans for an elaborate dedication of the new high school building were discussed by the board of education last night, but no action was taken, the project being left in the hands of the grounds and buildings committee and the president. Instructions were given them to arrange for the dedication.

No date for the event has been fixed upon, but in view of the fact that the building practically is completed now, the dedication probably will be held during December. The school will be occupied after the first

of 1907, so the exercises must be held before that time.

It is probable that noted educators will be invited to La Crosse to assist in the services. Address by several of the most prominent of the teachers will be made.

Pupils were granted a holiday on Thanksgiving day, Nov. 29 and the Friday following.

A balance of \$23,500.78 was shown in the school fund on Nov. 1.

William Poss was engaged as janitor at the First ward school at a salary of \$62.50 each month.

COUNTY CLERKS MAY HAVE  
TO RETURN ALL FEE CASH

Attorney General Rules They Have  
no Right to Keep License Fees  
When Paid by Co. Board

La Crosse lawyers are in receipt of an interesting opinion given by the attorney general of the state, with reference to fees retained by county clerks, and which will, it is said, cause considerable interest all over the state inasmuch as it is said to affect practically every county clerk in Wisconsin. Some time ago Thomas Lander of Waukesha made a demand upon County Clerk Stanley R. Clark of that county for the return of redemption money fees, marriage license fees, hunting license fees, etc., which he had collected, amounting in total to over \$1,000. Mr. Clark maintained that he had a right to keep the fees, and he refused an offer of \$100 attorneys' fees and costs from Mr. Lander to take the question into court.

He maintained that he had an opinion from the attorney general which supported him in his position. This opinion, as it is revealed, was dated Oct. 13 of this year, it has just been made public. Mr. Lander was unable to get a copy of it from the attorney general, who said that if anyone wanted it, he might get it from Mr. Clark. The latter maintained that it was a personal matter, and would not divulge it. It was finally obtained by interested parties from Col. George W. Bird of Madison. It may result in the return of thousands of dollars to the county treasuries, as the law requires that each county board shall fix the salaries of county clerks, and all sums received by him above the amount of his stipulated salary, whether in fees or otherwise, shall return to the county treasuries.

The question specifically put to Mr.

## FROM CALIFORNIA TO YOU

For table or medicinal use, you can get nothing finer. I sell it at the Olive Growers price 60c the bottle. CHAS. BEYSCHLAG, DRUGGIST, 503 MAIN STREET.

Sturdevant were whether the county clerk is entitled to retain to cents which the law authorizes him to collect, when issuing a hunting license, or whether he must return them to the county treasury; whether he can retain the clerk's fees which he is authorized to charge when he issues a marriage license, and whether he is entitled to any special or additional compensation as clerk hire for committee work in the county asylum in Waukesha county.

Mr. Sturdevant maintains that the clerk can retain the 10 cents hunting license fee because he is an agent of the state in that transaction; but this question, it may be said, is still disputed.

"In reply to the second question (regarding marriage licenses) it clearly appears," said Mr. Sturdevant, "that the legislature intended the general rule to apply that the county clerk should not receive additional compensation for the additional duties that were imposed upon his office; but that the salary provided by the county board is to cover his compensation. I therefore hold that he is not entitled to the application fee for the marriage licenses; but that this amount should be returned to the county treasury."

Replying to the third question he quotes the Wisconsin statutes, which provide that "every county clerk shall receive for compensation the salary fixed by the county board, and no more."

This opinion, if upheld in the event that any case in which the question is raised is taken to the courts, is expected to prove of far-reaching consequence.

Justice Winslow, in the case of St. Croix county vs. Webster, in the 111th Wisconsin, 270, says upon this point that all services performed by a public officer within the scope of his public duties, or which are voluntarily performed as such officers, are fixed by his salary or compensation as fixed by law. A municipal corporation has no jurisdiction to allow such officer additional compensation not authorized by law for the performance of such services, and if such allowance be made in fact, it is a void act. He has no title to such compensation if he receives it, and it may be recovered by the corporation by means of a proper action at law.

## IS SHOT BY PLAYMATE

PRESTON, Minn., Nov. 6.—Paul Krieser, six years old, was shot by a rifle in the hands of Rueben Rappe, about the same age.

The latter's father had just returned from hunting and laid the gun on the lawn, supposing that he had removed all the cartridges. The bullet entered the eye and caused a wound that will prove fatal.

## SYNOD OF GEORGIA

(Tribune Special Service.) WAYCROSS, Ga., Nov. 6.—Presbyterian ministers and ruling elders from every part of the state are gathered here for the annual session of the Synod of Georgia. The formal opening in the First Presbyterian church tonight will be followed by business sessions extending over five or six days.

## I AM GOING

To tell you something interesting. For years I've been harping about Gray's Yerba Santa being the greatest, the most wonderful, and the quickest cure known, haven't I? Well it was done in good faith, based on observation of thousands of cases during that time, and on reports of the users, that they had never seen its equal, that it resembled a charm, and that they could not be induced to experiment with other cures again. Can you blame me for being enthusiastic about Gray's Yerba Santa, and constantly trying to get you to use it for your cough? And ain't I trying to help and benefit you thereby? And ain't I guaranteeing it? You don't risk a cent in trying either a 50c or \$1.00 bottle! CHAS. BEYSCHLAG, DRUGGIST, 503 MAIN ST.

## DENIAL BY CHRISTIAN SCIENTISTS OF MRS. EDDY'S CONDITION

The press agency maintained by the Christian Science church for the dissemination of matter favorable to the faith, which is perhaps the largest church press agency in the country, gives out for publication the following statement and denial concerning the published condition of Mrs. Eddy, leader and founder of the faith:

"A statement which originated in the New York World has gone the round of the public press to the effect that the leader of the Christian Scientists, the Rev. Mary Baker Eddy, by reason of afflictions, is unable to leave her home, and is, therefore, being impersonated by Mrs. Pamela J. Leonard of New York city. It is probable that the public has become so used to the periodical circulation of stories dealing with Mrs. Eddy's health that they may not consider them seriously. But the boldness with which it is being circulated at this period, and the pretence of evidence in its support, demands an emphatic denial.

"The following are some of the sweeping denials made by the citizens of Concord:

CONCORD, N. H., Oct. 30.—Edward N. Pearson, secretary of state of New Hampshire, made the following statement in regard to Mrs. Eddy today:

"I was present by invitation at Pleasant View today with the representatives of eleven newspapers. I stood near the Rev. Mary Baker Eddy, whom I have known personally for some fifteen years; I distinctly heard her answers to the questions asked her; I saw her leave the room in which the interview was given and walk to the door of her carriage and I saw the carriage driven toward the city.

"Mrs. Eddy's voice was clear and strong and her every appearance was that of a woman in full possession of her faculties. I am not a Christian Scientist and I am without bias or prejudice in this matter.

EDWARD K. PEARSON.  
Mr. Fernald's Statement

"Mr. J. N. Fernald, whose letter follows, is president of the National State Capitol Bank, Concord, N. H.:  
"I am informed there is a report in circulation, coming from persons outside of Concord, that the person whom I meet every few days driving and whom I am always pleased to bow, is not the Rev. Mary Baker Eddy, but some other person.

"Now I have known Mrs. Eddy for a number of years and have had business relations with her since she came to Concord and made her home at Pleasant View, which relations extend up to the present time. I have also visited her in her home, so that I can state from personal knowledge that it is Mrs. Eddy, and no other person, whom I see riding in her carriage. I will also state that she stands high in this community. I do not find those who speak evil of her in this her home city, and believe those who come here with evil reports come with malicious intentions.

"I am not a follower of the Christian Science faith, but make this statement as a citizen of Concord who wishes to see things that are true, the things that are honest and the things that are just prevail."

In a personal letter to Mr. Pulitzer, of the New York World, dated Oct. 27, 1906, Mr. M. Mehan, the well-known editor and manager of the Concord Patriot, says of Mrs. Eddy: "Few, if any, women living have done as much to pass their names to posterity as has the Rev. Mary Baker Eddy of this city and state, and we of Concord, regardless of religious belief, have a great respect for this woman, and we resent any indignity aimed at her or passed upon her, and every decent man and woman in our city experiences a sense of shame on realizing that a great newspaper like the World, through the overzeal of its representatives, should annoy or cause her discomfort by appealing to low natures or those given to gossip or envy, to secure guesses and opinions unworthy of the World, unworthy of Mrs. Eddy, and unworthy of the intelligence, integrity and manhood and womanhood of New Hampshire's capital city.

"I have met and talked with Mrs. Eddy more than once. I know her; she knows me—I have been in her home, in her private room within a few months; I have bowed to her in her carriage within 48 hours and my salutation has been returned by her.

"If the intent of the World's representative to Concord be carried out in its columns, the World will say in substance that Mrs. Eddy is dead and that a mummy or a substitute, and not she, is in the carriage each day, when it passes through the main streets of our city, and its occupant is greeted by our people; or, it will say that Mrs. Eddy is enfeebled and decrepit and that those brilliant faculties that in the past made her wonderful accomplishments possible, have departed.

"To every such statement or even insinuation, I, as one who knows, say, it is not true, in whole or in part; but, on the contrary, is unqualifiedly false."

Mavor Charles R. Corning of Concord in introducing a Christian Science lecturer Sunday evening, Oct. 28, spoke in part as follows:

"Recently there have been representatives of one of the great metropolitan dailies, in Concord, alleging that Mrs. Eddy was no more. Ladies and gentlemen, this is to me a painful and difficult subject. I have seen Mrs. Eddy, day after day, year after year, riding through our streets, and more recently I have seen the lady riding past my house, and yet strangers come here, foes to this religion, to assert that Concord does not know its own eyes and has lost its own senses. This afternoon, less than four hours ago, for the first time in my life, I stood face to face with Mrs. Eddy for half an hour. I listened to as bright, as vigorous and as sprightly a conversation as I have ever listened to in my life, and I wish here to bear by testimony to this cruel, bitter falsehood directed against not only you who belong to this church, loving and devoted friends of the lady and leader, but it is a stigma on Concord, which is a sorrow and pain to one of the best and most generous friends the city of Concord has ever had."

Editorial on Mrs. Eddy, in the Concord Evening Monitor.

Mrs. Eddy

"It appears to be a diversion, taken up at more or less regular intervals by a certain section of the American press, to publish grossly fantastic and entirely false statements concerning the personality of the Rev. Mary Baker Eddy, the Discoverer and Founder of Christian Science. Just now it seems to be the function of the New York World to put forth, in its Sunday edition of October 28, a most amazing tissue of falsehoods in which it is alleged that Mrs. Eddy is at the point of death from an incurable malady; that she is kept practically in durance at her home in this city; that another woman disguised to resemble the Christian Science leader rides in her carriage as it makes its daily round through Concord streets; together with assertions regarding Mrs. Eddy's fortune, income and reputation in Concord—all of which are miles away from even the most distant approach to the truth.

"For more than fifteen years Mrs. Eddy has made her home among us; and she leads a simple and well-ordered life—as befits one who has a daily routine filled with great duties to a great cause. That she fulfills these duties to the last degree is evidenced by the growth and advance of the movement which she heads; and that she finds time for other works, for charity, for helpfulness and for public spirited co-operation in the affairs of the community where her home is fixed, thousands of Concord people are ready cheerfully to attest. And they have now come forward with glad alacrity to refute the falsehoods of the New York World.

Within a very short time the editor of this paper has seen Mrs. Eddy and with her taken counsel upon public affairs in Concord. She was then in a strength of spirit, mind and body far beyond what anyone would have a right to expect from a woman of her age. Her words were direct and simple, her discernment acute and sympathetic, her manner cordial and unaffected. Since then the writer has met her carriage almost daily upon our streets and its distinguished occupant has never failed to return a smiling greeting of recognition. This has happened within four days, when, in a narrow street where recognition was certain, we met the real Mrs. Eddy, the Mrs. Eddy we have known for years, almost face to face. We knew her and we were known by her.

"We are moved to believe that testimony of this sort, which arises spontaneously on every hand in Concord, is more enduring and worthy than that of any newspaper 'investigators' whose work shows only too clearly that they trust to their own or to somebody else's imagination for their facts. Concord people may buy the New York World, but they do not believe what it says. When anyone tells Concord that Mrs. Eddy is not one of our busiest, most helpful and most beloved and respected citizens, in full possession of her illustrious faculties of mind and in bodily strength beyond what her years warrant, Concord people will not believe it."

## WHAT IS CATARRH?

Simple Way to Overcome the Dangers of This Disagreeable Disease.

Catarrh is an inflammation of the mucous membrane of the nose, throat and lungs, with many annoying symptoms. In this climate there are few who do not suffer from this disagreeable disease, often in a chronic and dangerous state.

Fortunately, within the last few years, a simple and reliable treatment for catarrhal troubles has been found.—Hyomei, a combination of healing and germ-killing balsams, that, when breathed through the neat pocket inhaler that comes with every outfit, reaches the tiniest cells in the respiratory organs, carrying its healing and health giving properties to every part where the catarrhal poison is present.

Used in this way, Hyomei kills all catarrhal germs, drives the poison from the system and heals all irritation that may be present in the mucous membrane.

If you have the ordinary catarrhal symptoms, such as offensive breath, burning pains in the throat, cough, raising of mucus, difficulty in breathing, sneezing, huskiness, discharge from the nose, droppings in the throat, coughing spasms, etc., begin the use of Hyomei at once.

A complete Hyomei outfit costs but \$1, extra bottles, if needed, 50 cents, and is sold by O. T. Erhart under an absolute guarantee that it will cure catarrh or money will be refunded.

## BANDMASTER SOUSA'S FIFTIETH BIRTHDAY

(Special Tribune Service.)

NEW YORK, Nov. 6.—John Philip Sousa, with the exception of the late Patrick Gilmore, the most famous and popular bandmaster America has ever known, was fifty years old today. At his offices in this city numerous messages of greeting were received from friends and admirers in many parts of the United States and Canada. Mr. Sousa due probably to his un-American name, is generally regarded as of foreign birth. Such is not the fact, however, as he first saw light of day in Washington, D. C., Nov. 6, 1856. He has been a musician since his earliest childhood and was a conductor at the age of 17. For twelve years he was the leader of the famous United States Marine Band, which he left in 1892 to form the band which bears his name.

## MANITOBA MUNICIPALITIES

(Special Tribune Service.)

PORTAGE LA PRAIRIE, Man., Nov. 6.—The annual convention of the Manitoba Union of Municipalities began here today, to continue in session until Friday. The mayors, clerks and other officials of the chief cities of the province are in attendance, and all indications point to an interesting and profitable session. Telephones, fire protection in country towns, municipal hail insurance, road buildings, municipal affairs are to be given attention.

## GEORGIA CLUB WOMEN

(Tribune Special Service.)

MACON, Ga., Nov. 6.—Macon extended a cordial welcome today to the many fair visitors who arrived for the annual convention of the Georgia Federation of Woman's Clubs. Delegates to a total of several score are here from Rome, Atlanta, Athens, Valdosta, West Point and other cities throughout the state. Many others are expected to put in an appearance before the opening session is held tomorrow morning. The visitors were met at the trains and escorted to private homes where they are to be entertained during the three days of the convention.

## RELEASED FROM PRISON

(Tribune Special Service.)

LEAVENWORTH, Kan., Nov. 6.—Frank Hunt, son of a wealthy cattleman of the Indian Territory, was released from the United States prison here today, his sentence of fifteen years having been commuted to five years by the president. He was sent to the prison in 1901 for manslaughter. Hunt and another cowboy while on a roundup, engaged in a fight with the result that Hunt killed his antagonist. Because of extenuating circumstances the charge was made one of manslaughter instead of murder, and to this charge Hunt pleaded guilty.

## INHERITENCE TAX ON PABST MILLIONS

MILWAUKEE, Wis., Nov. 6.—The court decided Captain Pabst, illegally, before death, transferred to his heirs, four millions of his estate and ordered the estate to pay to the state an inheritance tax of nearly \$150,000.

## TEXAS BAPTIST CONVENTION

(Tribune Special Service.)

WACO, Texas, Nov. 6.—Enthusiasm appeared to be the keynote of the state convention of Baptist women mission workers, which opened here today with a large and representative attendance. The reports presented this forenoon showed the past year to have been one of unusual activity and gratifying results for the organization. The convention will continue in session until Thursday and will be followed by the regular annual meeting of the Baptist General Convention of Texas.

## MRS. DUDLEY DEAD

Mrs. Kezia Dudley died yesterday morning at the home of her daughter, Mrs. C. A. Doud, 308 North Seventh street at the age of 75 years. Short services were held over the remains yesterday afternoon and the body was then shipped to Aurora, Ill., where the interment will take place.

## HERE ON SAENGERFEST

Mr. G. F. Kick of Chicago, secretary of the Northwestern Sangerbund association, arrived here on his way to St. Paul to hold a meeting with the Frohsinn committee, Deutscher Verein committee and the board of trade committee today in regard to holding the convention in La Crosse, and, from the way the committees are working, it will undoubtedly be held here. Everything is completed excepting the final details which will be attended to by Mr. G. F. Kick and delegates of the local singing societies.

## DALRYMPLE CO. GARNISHED TOO

Mrs. Jessie La Rose, wife of the leading man, W. E. Rose, of the Dalrymple Stock company, which showed at the La Crosse theater last week, garnished the receipts Saturday night for \$25.20, which she claims as salary due her. William Dalrymple and Charles Quaintance are named as the defendants in the writ.

The case was settled.

## S.S.S. RIDES THE SYSTEM OF MALARIA

The healthy color of the skin is given to it by the millions of little red corpuscles in the blood. These are the carriers of nourishment, health and strength to all parts of the body—in other words the very life of the blood. When the germs of Malaria get into this vital fluid they destroy these corpuscles and rob the blood of its rich, life-sustaining qualities, rendering it thin, weak and watery and unable to supply the system with the needed strength to resist disease. Then the symptoms of Malaria such as pale, sallow complexions, weak vitality, poor appetite, deranged digestion, a general "let down" condition of the system, and perhaps chills and slight fever, show that this insidious disease is gradually affecting the entire health. Malaria must be removed from the system through the circulation, and the medicine to accomplish this is S. S. S. It not only cleanses the blood of all impure, unhealthy matter, but rid's the system of Malaria, and restores the blood to a strong, healthy condition. S. S. S., besides removing the germs of Malaria, builds up and gives tone and vigor to the entire system by its fine tonic effects. Malaria is a blood disease, and S. S. S. cures it because it is a perfect blood purifier. Book on the blood and any medical advice without charge.

# THINGS WHICH BARBERS SHOULD NOT DO

Don't put your fingers in a customer's mouth when shaving the lips. Don't ask personal questions. Don't smack your lips while working.

Don't breathe in a customer's face after smoking or chewing tobacco or after eating onions or garlic.

Don't play with a cat or dog, then wait on a customer without having washed your hands.

Don't discuss politics, religion or sporting events during business hours.

The report of the Wisconsin state barbers' board of examiners just received here, copies of which have been mailed to all the active barbers of the state, the above "don'ts" are printed in particularly large type.

During the time since the law has been in effect 828 persons have been examined, and of this number 525 passed and 303 failed. All persons who had been barbers at the time the law went into effect were not compelled to take the examination, but had to pay the regular fee of \$1 a year.

## Over \$500 Deficit

The money which is collected by the barbers' board is used in paying the expenses of the commission. At the end of the first year, July 1, 1904, the balance on hand was \$2085. At the close of the second year, July 1, 1905, there was deficit of \$543.95. This year there was balance in the treasury of \$1.96.

During the past year the grand total of money collected was \$3,634, and the total expenses of the commission were \$3,632.04, leaving a balance on hand of \$1.96. In the period of time, 419 persons had taken the examination, of which 240 passed and 179 failed.

The board is composed of three members: President Alex R. Douhan, of Superior; Henry Heine, treasurer, Reedsburg; and Secretary, M. H. Witaker, of Milwaukee.

## Scores Dinky Shops

In the report Secretary Witaker declares that the greatest trouble arises in strictly enforcing the law. He says that after an apprentice has worked as such for a year he often goes out to open a shop of his own and comes to take the next examination. In many cases he fails and often, has to sell his shop at a great sacrifice. While it is a hard thing to do the law has to be enforced, declares the secretary.

"There are not too many barbers," declares the report, but there are too many poor barbers and too many barber shops. What is needed is more good barbers and less poor ones, and larger and cleaner shops, and not so many little dinky shops. The barbers are paying out too much of their receipts for rent, light, fuel, etc. The business becomes demoralized. The barber working in these same dinky shops and only eking out a mere existence loses interest in the business and becomes careless of appearances of his shop and of his person."

## Undertakers Violate Law

"We have many inquiries regarding the shaving of a corpse by the undertaker and the question is, has he a right to do it. In answer we will say that if the undertaker made a specific charge for shaving the corpse he will be liable to prosecution and fine for the violation of the barber law, but the fact is that the undertaker makes no specific charge for "shaving," but he puts in his bill for "preparing the corpse for burial," and therefore he cannot be fined for shaving the corpse as long as you cannot prove that he has made a specific charge for that part of the work."

Six lady barbers are practicing the profession in Wisconsin.

# UNIQUE ATTRACTION BEFORE RETURNS

The returns from the election will not be in until late this evening. While waiting for them visit the Unique theater and see one of the best vaudeville shows you have ever seen with Harry Richards, that world renowned bucka and wing dancer; the marvelous Malcolms in their globe rolling act. Balancing Stevens does an act that is rarely seen. Two of Edison's best motion pictures and Jerome White singing two illustrated songs in his usual pleasing way complete the program.

Manager Michnisky promises his patrons a first class show every week. Mothers may send their children to the Unique and be assured they will be taken care of.

# NO LACK OF INTEREST IN THE VOTING CONTEST

The Tribune office these days presents a lively scene, especially in the afternoons when one or more of the fair candidates, accompanied by their numerous friends and supporters, favor the office with a visit. The contest managers and their assistants are at all times ready to give all the advice and information about the details of the contest that may be desired.

Many of the contestants have just begun to realize the trips will be worth the effort of a little hard work for the next four weeks.

Do not let others carry away these valuable prizes without a struggle, but

make up your mind that you will be the winner, and go after the free prizes in a manner that will coincide with your determination. There are many people who are willing to subscribe if they are asked. Get up your courage, girls, and go after these backward subscribers. Nothing counts in votes so fast as yearly subscriptions.

There are but four days remaining to take advantage of the special offer this week. Every young lady who has secured five new twelve months' subscriptions receives the extra ballot of 500 new votes.

# INTEREST IN MOTOR VEHICLE TEST

(Special Tribune Service.)  
NEW YORK, Nov. 6.—A lively interest is displayed in the test for commercial motor vehicles that is to be conducted under the auspices of the Automobile Club of America during the four days beginning tomorrow. The club today completed all arrangements for the affair. The contest is open to all machines, whether propelled by electricity, steam or gasoline. Each car must carry a dead load weight of at least 50 per cent of its own weight, with all supplies on board in addition to the driver and official observer. The competing cars will be required to run over two routes, one twenty miles in length and the other ten miles.

You will have to look long and far to find a totally uninteresting advertisement—or one that will not, in some manner, repay the reader.

## SCHOOL TEACHERS PLAN LOBBY

RICHMOND, Ind., Nov. 6.—A determined fight for a minimum wage law on the part of school-teachers in Indiana, led by those of Hancock county, has been inaugurated. Resolutions have been drawn up and will be sent to each of the county organizations and a strong lobby will also be sent to the legislature.

## LOCOMOTIVE HITS SALOON, TWO ARE DEAD

ROME, N. Y., Nov. 6.—A freight locomotive on the Central Railroad jumped the track here and plunged into a saloon. Engineer Albert Brown was caught in the wreckage and scalded to death, and brakeman Robert B. Vandervoort was crushed to death under the tender. At a frog the locomotive left the rails and ran along the ground a distance of 125 feet, when it swerved and plowed straight into the saloon, a two story frame building at the time.

Nena Blake, in the "Land of Nod," at the La Crosse Theater, Wednesday, Nov. 14.

### AT THE THEATERS

The Rogers Brothers in Ireland with the famous Rogers Brothers at the head of the organization will be the attraction at the La Crosse theater next Thursday, Nov. 8. "The Rogers Brothers in Ireland" was the most successful musical comedy of the past season as evidenced by the record attendance that it received in the various cities in which it was produced. It was originally presented at the Liberty Theater in New York where it achieved a run of 200 nights and subsequently played to the capacity of the Chestnut Street Theater in Philadelphia at every performance. This season the stars have the support of that

excellent comedienne Marion Stanley and a big aggregation of comedians and dancing girls. They will present every detail of the original production which is considered conspicuously gorgeous even in these days of stage lavishness.

"The Land of Nod," a musical fantasy in a prologue and two acts, by Adam and Hough, with music by Joseph Howard, as presented under the management of The Will J. Block Amusement company, will be the attraction at the La Crosse Theater, Wednesday, November 14th. "The Land of Nod" has scored one of the greatest successes of any musical comedy ever produced in Chicago, having played to a succession of crowded houses and could probably remain to paying business if previous bookings would permit. One of the principal reasons for the unusually liberal patronage bestowed upon this attraction

is the novelty and picturesqueness of the play, characters, and production, which are briefly described as follows:

The prologue shows a garden filled with flowers. Here children are at play, but they soon withdraw, all but one of them, "Bonnie," who sinks to sleep beneath a rose bush, and the change to the first act discloses her in the "Land of Nod." In this mysterious sleep land its many strange features—a river of peppermint, a house of cards, a candy bridge, balloon trees and mushroom palaces, Bonnie starts various adventures. She encounters the Jack of Hearts, and his card relatives, the Weatherman, and his assistants, who make all kinds of

good, bad and horrible weather while you wait; the April Fool, the Welsh Rarebit, the Sandman and his pal, Knockout Drops, who are the queer people. All of these and many other strange folks contribute to her amusement and entertainment. And in the second act the Nightmare Palace of the Land of Dreams is entered, and the plot begun in the preceding act is carried to a conclusion as logically as ever should be in the realm of sleep. The production is one of the most elaborate ever given a musical extravaganza, and the company, which numbers eighty people, contains a large number of popular entertainers, including the well known comedienne, Elsie Fay, who will be seen in the

Knox Wilson in the "Land of Nod," at the La Crosse Theater, Wednesday, Nov. 14.

#### Bijou

The bill at the Bijou this week is exceptionally good. Both performances last night were witnessed by large and good natured audiences.

Col. Billy Link in command of his hobo can regiment, assisted by Miss Charters as war correspondent, were the laughing hit of the bill. Billy Link is as funny a man as anyone would wish to see, his appearance alone is a big laugh from the start, and when his hobo can regiment do their part it is almost too funny a picture to describe.

The Buckeye trio with their pantomime comedy and trick house are also a great number. Their acrobatic feats are very difficult as well as funny. They are also clever song and dance artists.

Harry E. Vanlois is a very clever entertainer. He is known as the king of dialects. His opening song "Good Old Frisco Town" is a very pleasing number and his impersonations are excellent.

Lawrence Wall sings the illustrated song, "Like the Rose You're the Fair-
